

**'Global Trends in Telecommunication'**

**Drew Kelton**  
Managing Director Telstra International

**Thursday 30 April 2009**  
**commencing 12.30 p.m. sharp**

The Australian German Association Inc invites you to lunch with **Drew Kelton** at 12:30 pm on Thursday 30 April 2009 at **The Union, University & Schools Club**, 25 Bent Street, Sydney.

Drew Kelton joined Telstra Retail in 2002 as Chief of Global Services and is now Managing Director of Telstra International with responsibility for developing and managing the company's rapidly expanding business activities in Australia, Europe, the Americas, Asia and the Pacific.

Drew's 28 year career in the IT and telecommunications sectors began as a graduate with IBM and have included senior management roles with TimePlex/Unisys, IXNET, Saturn Global and Asia Global Crossing.

While Telstra International is already Telstra's fastest growing division providing services to both business and government, Drew likes to see it positioned in the market place as an innovative 'new-age' challenger backed by the financial strength, credibility and resources of a large corporation.

Drew enjoys being challenged, overseeing Telstra International's role in facilitating business for a large number of the world's top 500 companies, through the provision of cutting-edge local, regional and international communication services.

Drew's current Directorships include Commissaris of Limas Stockwatch, a public company in Indonesia, and multiple Telstra International subsidiaries.

Drew has a Bachelor of Science in Electrical & Electronic Engineering (Hons) Degree from Glasgow's Paisley College of Technology. In addition, Drew is a Chartered Engineer (EEng) and MIET.
